A letter of understanding supports the development of an end of life plan for an expected death in the home. This includes a preferred approach for pronouncement and certification of death.

To support your patient's goal for end of life care in the home and ensure that their expressed wishes for no resuscitation are met, please complete the following information and fax a copy back to one of the numbers listed below.

Please indicate your preferred approach for pronouncement and certification of death for your patient:

- I agree to pronounce and certify death in the patient's home.
- or
- Nurse may pronounce death and I agree to sign the Medical Certificate of Death at the Funeral Home within 24 hours of death.

Please include your contact information for pronouncement and/or certification of death below
